### Meta-Coursera.

Introduction to Front-End Development  
October 2022

### Udacity Nanodegree Program.

Intro to Programming  
January 2022

I'm a Frontend developer with almost 2 years in the field, building web applications with a focus on user experience and responsiveness. I also write technical articles on hashnode. I have attended several coding bootcamp to learn new languages while sharpening my existing skills. Ready to apply my passion for coding to a talented engineering team to develop quality solutions.

## EXPERIENCE

### Huddle Landing Page

- Built a fully responsive landing page for Huddle, using HTML and CSS in developing the user interface design.
- Link to project: <https://mubdev-huddle.netlify.app/>

### Advice Generator App

- Built a fully functioning responsive advice generator application.
- Used HTML and CSS in developing the user interface design.
- Utilized custom JavaScript timer linked to Advice Slip API which generated new advice after 2 seconds
- Link to project: <https://dreamy-donut-6756cb.netlify.app/>

### Clipboard Landing Page

- Built a fully responsive landing page for Clipboard, using HTML and CSS in developing the user interface design.
- Link to project: <https://devmub.netlify.app/>

### Password Generator App

- Built a fully responsive and functioning password generator app, using HTML and CSS in developing the user interface design.
- Utilized custom JavaScript which generates 2 different passwords when the 'Generate Passwords' Button is click.
- Link to project: <https://genpass23.netlify.app/>

### Travel Journal

- A travel journal built with React.
- Link to project: <https://travel-journal-react-2.netlify.app/>

## VOLUNTEERING

**Registration Assistant** — Google I/O  
Extended, Akure.

AUG 2023 | Nigeria

Efficiently managing the registration process,  
ensuring attendees information was  
accurately recorded, and providing a warm  
welcome to all participants.

I contributed to the overall success of the  
event and helped create a positive  
experience for all attendees.
